Summary

Motivated and detail-oriented Computer Science undergraduate with strong programming and problem-solving skills. Seeking an opportunity to contribute to real-world projects in a dynamic tech environment that values innovation and continuous learning.

Education

Vignan's Lara Institute of Technology and Science Bachelor of Technology CSE CGPA-8.90	Vadlamudi, India 2022-2026
Royal Junior College Intermediate MPC CGPA – 9.3	Martur, India 2020-2022
Sri Srinivasa High School SSC CGPA – 9.8	Martur, India 2019-2020

Experience

Codelevate(Supported by HealBharat) <i>Frontend Development Intern</i> -Designed responsive webpages, improving UI presentation and browser compatibility. -Executed interactive features such as dropdowns, forms, and client-side validation using JavaScript -Applied FrontEnd techniques to structure modern, mobile-friendly layouts.	<i>Mar 2025 – Apr 2025</i>
SmartBridge (Virtual Internship) <i>Full Stack Development Intern</i> -Developed a full-stack web application titled “ DocSpot – Seamless Doctor Appointment System. ” -Built responsive user interfaces using HTML, CSS, and JavaScript for smooth user interaction. -Implemented backend logic to handle doctor listings, appointment scheduling, and user management. -Integrated database operations for secure storage and retrieval of patient and appointment data.	<i>May 2025 – Jul 2025</i>
SmartBridge (Virtual Internship) <i>AI/ML Intern</i> -Built an “ Online Fraud Detection System ” to identify fraudulent transactions. -Used Python and Machine Learning techniques to build and test the model. -Worked with transaction data to improve fraud detection accuracy. -Analysed results and compared different methods to enhance system performance.	<i>Sep 2025 – Mar 2026</i>

Projects

Agri-Connect: Tech Stack: <i>HTML, CSS, JavaScript, Node.js, Express.js, MongoDB.</i> ◦ Built a web-based agriculture marketplace enabling direct interaction between farmers and merchants.. ◦ Created role-based dashboards with secure authentication using Node.js and Express.js. ◦ Implemented a custom price negotiation system , allowing merchants to propose offers and farmers to accept or counter them. ◦ Integrated MongoDB for efficient storage and retrieval of crop details, negotiation requests, and confirmed orders using schema-based models. ◦ Developed dynamic crop listing and order tracking features , fetching and updating data asynchronously to reflect real- time changes across dashboards.	
---	--

- **Tailor-Notebook:**

Tech Stack: *HTML, CSS, JavaScript, Node.js, Express.js, MongoDB.*

- Crafted '**Tailor's Notebook**,' an intuitive platform streamlining customer measurements.
- Established an **admin dashboard** to manage tailoring orders, track customer measurements.
- Enforced **secure admin authentication** and access control using Express sessions, ensuring only authorized access to sensitive data.
- Integrated **MongoDB with Mongoose schemas** to organize order data, customer info, and tailoring measurements for backend efficiency.

Cognitive Desktop Speech Automation Engine

Tech Stack: *Python, Speech Recognition, Natural Language Processing (NLP), Automation Libraries*

- Developed a **voice-controlled desktop automation system** to perform tasks using spoken commands.
- Implemented **speech-to-text** processing to accurately recognize and interpret user voice inputs.
- Designed **command mapping** logic to translate recognized speech into corresponding desktop actions.
- Automated common desktop operations such as **application control, file handling**, and system commands.
- Improved user efficiency by enabling **hands-free interaction** with the desktop environment.

Skills

- **Programming Languages:** Java, C++
- **Technologies:** , Node.js, Express.js, HTML, CSS, JavaScript
- **Database:** MySQL, MongoDB
- **Core Subjects:** DBMS, Operating System, DSA, OOPS

Certifications

- **NPTEL**-Programming in Java IIT Kharagpur | Jan–Apr 2024
Awarded **Elite** status with a score of **71%**
- **NPTEL**- Data Base Management System IIT Kharagpur | Jul–Sep 2024
Awarded **Certificate** with a score of **52%**
- **Udemy** – Full Stack web Development | Apr-2025
- **Cisco Networking Academy** – Introduction to Cybersecurity
- **Infosys Springboard**- Certifications

Achievements

- Solved 220+ coding problems on LeetCode.
- Active contributor on HackerRank, proficient in Java and problem-solving.
- Achieved 2-star rating on GeeksforGeeks.

Additional Skills

- Strong communication skills.
- Quick learner and self-motivated.
- Hardworking and Team Leadership.
- Adaptability and Flexibility.

Declaration

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief.
